NMSA Membership Benefits

Join NMSA TODAY!

NMSA membership offers a high return on investment for your organization. Provided below are the NMSA member benefits afforded to non-profit organizations and companies. All members are entitled equally to these benefits.

Professional Benefits

- Learning Opportunities - NMSA hosts an Annual Meeting at WEFTEC which includes a presentation by Headquarters EPA staff. The Annual Meeting also includes updates of national importance on the MS4 stormwater program.
- Network - NMSA provides a network of staff from other cities and agencies that are a support system for virtually any problem. Members are able to establish a strong national network of resources to assist them in their daily work.

Organizational Benefits

- Recognition and Visibility - As a NMSA member, you may have your logo on our website, along with a hyperlink to your organization's home page.
- Access - You will have access to information on stormwater programs nationwide, as well as information on the most current direction of the national stormwater program.
- Make a Difference - NMSA's wide range of efforts is focused on improving stormwater quality.
- Drive Change in the Sector - Your support of NMSA will help us to improve the stormwater program. Changes are needed to make progress in improving water quality. These changes will provide opportunities for sector support organizations.
